

Press release date: March, 2017

Lancaster General Health/Penn Medicine signs with Healthcare IP for All-Payer Epic integrated transaction processing, Patient Eligibility and RCM services.

Healthcare IP, a leader in revenue cycle management and integrated clearinghouse services is pleased to announce that Lancaster General Health/Penn Medicine, Lancaster, PA is going live with the company's full suite of integrated RCM and transaction processing solutions for All-Payers.

Tom Davis, Principal Partner at Healthcare IP says "Earning the trust of Lancaster General Health/Penn Medicine is humbling to us, and is a result of our hard work and team performance with other Epic peer organizations similar to LGH/Penn Medicine. Our clients acknowledge our advanced Epic integrated technology drives more efficiencies, ROI, improved A/R performance and cost savings - but it's our industry expertise, collaborative client development and client support culture that provides even longer term value for our clients, especially as we transition from Fee for Service to Value Based Reimbursement".

#### About Healthcare IP:

Healthcare IP is a leader in integrated RCM solutions for Hospitals, Academic Medical Centers, Physician Groups and large Health Systems.
