Healthcare IP Promotes Brent Grimes to President

Edmond, OK— February 12, 2019 — Healthcare IP is pleased to announce the promotion of Brent Grimes as President. Mr. Grimes joined the executive management team of Healthcare IP in 2018, as Executive Vice President. Mr. Grimes is located in the Oklahoma corporate offices.

“Having known Brent prior to employment, we knew his talent and leadership skillset. Brent’s promotion from EVP to President at Healthcare IP speaks to his performance, character, integrity, passion, work ethic and strategic vision for the future. Brent is a well-respected healthcare executive, national speaker and current Board Member of HIMSS. Brent’s success in managing large teams, executive leadership experience, vast knowledge of healthcare and HIT, brings real value to our clients and teams. As President, Brent’s experienced leadership, team-work, ingenuity and drive are invaluable assets to our teams, clients and partners alike. This promotion marks an exciting chapter in our history”. says Tom Davis, Principal Partner and Member, Board of Directors at Healthcare IP.

“It’s been a distinct honor to join such a great team with fabulous culture, and work shoulder to shoulder with some of the great minds in Health IT,” says Brent Grimes, President, Healthcare IP. “We will continue our mission of bringing all healthcare stakeholders together to drive innovation and deliver technology and services that provides real value to our partners.”

About Healthcare IP

Healthcare IP is an integrated partner of healthcare provider and payer organizations, promoting data transparency and user experience in the revenue cycle. Specializing in custom solutions with quality client service, we provide clarity and guidance through the complexities of healthcare data management.
